Professional Summary

Backend-focused web developer with a strong foundation in **JavaScript** and recent graduation from Austin Coding Academy's **Full Stack** Program. Proven ability to quickly learn and apply new technologies, with a solid understanding of **React**, **C#**, **Python**, **JavaScript**, and development tools such as **VS Code**, **Visual Studio** and **Unity**.

Professional Experience

Backend Developer Intern

Ripple Learning LLC, Austin, TX

September 2023 – Present

- Developed a Job Application Tracking Web Application using **React**, **Javascript**, and **mySQL**
- Structured and managed user databases for tracking job applications including **database administration** and **querying** responsibilities. I set up and maintained the system that allowed resumes to be stored by users.
- Implemented login functionality using Auth0 which allowed users to track applied jobs and save their resume to their profile to let the web application determine how their resume matched up with the jobs that users applied to.
- Wrote **API** that interfaces with the **backend** data store (**mySQL**)

Hardware Support Specialist for PlayStation

Sitel Group, Orem, UT

September 2021 – April 2022

- Provided hardware support for PS5 on the PlayStation Project's support team.

FC Warehouse Associate

Amazon.com, Salt Lake City, UT

September 2020 – August 2021

- Trained new hires and cross-trained warehouse associates.
- Operated select robotic systems on the warehouse floor.

Captioning Agent

CaptionCall, Orem, UT

April 2020 – September 2020

- Captioned phone calls for individuals with impaired hearing, ensuring clear and accurate communication.

Technical Skills

- Languages & Frameworks: **React, JavaScript, C#, Python, HTML5, CSS, MySQL**

- Tools: **VS Code, Visual Studio, Unity, Git, GitHub, ChatGPT**

Education
